Burneside Church & Community Newsletter

September 2024

From the Associate Priest

Dear Friends,

New beginnings

For children and young people in full-time education September is a time of new beginnings. Some will be starting school for the first time, others moving to new classes or new schools. As I'm writing this in August numbers of young people are anxiously awaiting examination results which for many will determine their future – and some of these will be preparing to leave home for the first time, hopefully to the university of their choice. Please pray for them. It's such an anxious time for them all – and especially anxious for their parents who long to see their children settled and happy.

Children are valuable to God

In the Scriptures we read, "People brought little children to Jesus for him to place his hands on them and pray for them. But the disciples rebuked them. Jesus said, 'Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.' (Matthew 19:13-14)".

Jesus' action shows the importance of children to God. In many cultures around the world, children are often abused, exploited or disregarded. God is committed to caring and protecting them and calls us to do the same. Sadly there are some children – even in the parishes of the Beacon Team – for whom school is the only safe place they know and who will have found a six week holiday hard to cope with.

Do please pray for the schools in our Beacon Team parishes and for the teachers and teaching assistants. We are so grateful to them.

The Persecuted Church

Let us never take for granted our freedom of worship. In some countries those who follow Jesus do so at the risk of losing their liberty – or even their lives. Aneeta has told me some horrifying stories of the persecution her family in Pakistan are facing. Recently Amar's niece was badly beaten, and their church attacked. Please pray for them.

And finally

We're delighted that Revd Michelle, Eleanor and James are now settling into their new home at Skelsmergh. We continue to pray for them all.

With love and prayers

Jean

Our Place... Our FUTURE... Join the conversation

Westmorland and Furness Local Plan

We are preparing a Local Plan for our place and we need your views to help shape it.

The Local Plan will cover the next 20 years to the year 2045. We want you to think about not just the here and now, but things that your family will want from our place in the future to make sure that the right buildings of the right design and quality, happens in the right place, at the right time, and the impact of any new development is well managed.

Where does the Westmorland and Furness Local Plan cover?

All of Westmorland and Furness except the Lake District National Park and Yorkshire Dales National Park areas. The Park Authorities produce their own Local Plans.

How do I take part and give my views?

Ideally we'd like you to complete the survey online. Either scan the QR code or go to www.westmorlandandfurness.gov.uk/localplan to complete in your own time.

If you'd prefer to fill out a paper copy or require more information please contact localplan@westmorlandandfurness.gov.uk

- 22nd 11am Holy Communion
- 29th 11am Team Service at Grayrigg

News from Burneside Community Energy:

The bench which BCE funded in front of the church, to pair with the one already there, has had to be removed, due to rot causing some slats to collapse. Its pair is also showing signs of rot. Discussion has been initiated with the Parish Council, which actually owns the benches, re funding, possibly jointly, either one or two replacements. In order to get a longer life from new ones, one consideration is recycled plastic designs.

BCE continues to generate electricity from its solar panels on the roof of the Mill, and has always had a commitment to put aside part of the income this creates, to provide funds for community projects within Burneside Parish. BCE continues to be keen to hear from anyone looking for financial support for projects that might fit broadly into the areas of energy conservation, environment conservation/enhancement or other aspects of community health and wellbeing.

Do look at the website <https://bce.org.uk> to see what sort of projects have received funding so far, and to find the application form <https://bce.org.uk/community-benefit-fund/> You can also email info@bce.org.uk if you initially wish for more information.
